

Enhanced allocation rates for existing customers

Please request for your financial adviser representative to explain the contents of this document to you.

Special offer for existing Global Wealth Advance customers.

Offer period – **1 July 2025 to 30 September 2025**

Existing Global Wealth Advance customers can enjoy enhanced allocation rates of up to 160% over the first 18 months of a premium increase. Qualifying premium increases must be a minimum of **SGD 75** (USD 50) per month and result in a new total monthly premium of **SGD 750** (USD 500) or more with a remaining savings term of at least 10 years.

The allocation rate is determined by the total premium after increase, and the remaining savings term.

Example

If an existing customer took out a policy paying a monthly premium of **SGD 3,000** (USD 2,000) with a savings term of 25 years. After 5 years they decide to increase the regular premium by **SGD 1,500** (USD 1,000) bringing the total monthly premium to **SGD 4,500** (USD 3,000) with a remaining savings term of 20 years.

Monthly increase	Enhanced monthly allocation for increase	Total monthly allocation for increase
SGD 1,500 (USD 1,000)	SGD 900 (USD 600)	SGD 2,400 (USD 1,800)

That means for the premium increase, with this special offer, **SGD 43,200** (USD 28,800) will be allocated over the first 18 months of the premium increase, equivalent to an additional **SGD 16,200** (USD 10,800), compared to the total increased premiums paid over the same period.

Full details of the enhanced allocation rates for all premium bands and remaining savings terms are detailed in the table below.
