1. Organisation

JPMorgan Liquidity Funds (the “Fund” or the “SICAV”) is an investment company incorporated on 9 December 1986 under the name J.P. Morgan Dollar Reserve Fund. On 24 October 1994, the name of the SICAV was changed to J.P. Morgan Luxembourg Funds and was restructured as an umbrella fund with multiple Sub-Funds. Its name was changed to JPMorgan Fleming Liquidity Funds on 31 August 2001 and to JPMorgan Liquidity Funds on 24 November 2005.

It is organised under Part I of the Luxembourg Law of 17 December 2010 on Undertakings for Collective Investment, as amended, as a Société Anonyme qualifying as a Société d'Investissement à Capital Variable (SICAV). As at 31 May 2024, it comprises of 10 Sub-Funds each relating to a separate investment portfolio consisting of Money Market instruments, cash and other instruments. As from 3 December 2018, the Fund was authorised as a money market fund under Regulation (EU) 2017/1131 (the “Regulation”) of the European Parliament and of the Council of 14 June 2017 on Money Market Funds (“MMF”).

On 25 May 2005, JPMorgan Asset Management (Europe) S.à r.l. was appointed by the SICAV to act as Management Company. From 1 July 2011, JPMorgan Asset Management (Europe) S.à r.l. is acting as a Chapter 15 Management Company under the amended Luxembourg Law of 17 December 2010, as amended, and complies with UCITS regulations.

The SICAV is registered with the Registre de Commerce et des Sociétés of Luxembourg, under number B 25 148.

Each Sub-Fund may contain A, B, C, D, E, G, R, S, W, X, Agency, Capital, Institutional, Morgan, Premier and Reserves Share Classes. The JPMorgan Liquidity Funds - EUR Liquidity LVNAV Fund and JPMorgan Liquidity Funds - EUR Government CNAV Fund may also contain the TO acc. Share Class. These Share Classes may differ in the minimum subscription amount, minimum holding amount and/or eligibility requirements, reference currency, the fees and expenses and the dividend policy applicable to them.

2. Significant Accounting Policies

The Financial Statements are prepared in accordance with Luxembourg regulations relating to Undertakings for Collective Investment under the going concern basis of accounting.

a) Investment Valuation

All investments under a Constant NAV (CNAV) Sub-Fund are valued using the amortised cost method in accordance with Articles 31 and 32 of the Money Market Fund (MMF) Regulation for Public Debt CNAV MMF and Low Volatility NAV Sub-Fund (LVNAV) MMF and rounded to the nearest percentage point or its equivalent. Under this method, the cost of investments is adjusted to income for the amortisation of premiums and accretion of discounts over the life of the investments.

Under a LVNAV Sub-Fund, all investments maturing within 75 days or less are valued using the amortised cost method whilst investments maturing for more than 75 days are valued using the mark-to-market or mark-to-model.

Where amortised cost pricing is used, the following rules apply:

- The instrument level Mark-to-Market (MTM) valuation should not deviate from the amortised cost valuation by more than 10 Bps. Where this is exceeded, that instrument must be priced using mark-to-market or mark-to-model for the purposes of the dealing NAV, while the remaining assets in the portfolio may continue to be priced at amortised cost, and investors continue to deal at a 2 decimal point NAV.

- The portfolio level MTM valuation should not deviate from the dealing NAV by more than 20 Bps. Where this threshold is exceeded, the following subscriptions and redemptions will be processed with a NAV calculated using mark-to-market or mark-to-model and issued with 4 decimal point NAV. Where the amortised cost basis does not reflect a prudent approach to the valuation of a security, the latest available price prevailing on the valuation date is used.

Under a Variable NAV Sub-Fund (VNAV), all investments are valued at Mark-to-Market. Where the value of the assets of the Sub-Funds cannot be calculated following the Mark-to-Market, their value shall be determined conservatively by using Mark-to-Model.

The Net Asset Value per Share of each Class is determined on each day which is a Valuation Day for that Sub-Fund. A “Valuation Day” is a Business Day other than, in relation to a Sub-Fund’s investments, a day on which any exchange or market on which a substantial portion of the relevant Sub-Fund’s investments is traded, is closed or while dealings on any such exchange or market are restricted or suspended. In derogation of the above, when dealings on any such exchange or market are restricted or suspended, the Management Company may, in consideration of prevailing market conditions or other relevant factors, determine that such a Business Day shall be a Valuation Day.

In respect of Sub-Funds, the reference currency of which is:

- the AUD, a Valuation Day is every day other than a Saturday or Sunday on which banks are open for general banking business in Sydney and any additional day determined by the Management Company;

- the EUR, a Valuation Day is every day other than a Saturday or Sunday with the exception of any day designated as a TARGET closing day by the European Central Bank and any additional day determined by the Management Company;

- the GBP, a Valuation Day is every day the Bank of England and the London Stock Exchange are open and any additional day determined by the Management Company;

- the SGD, a Valuation Day is every day the Monetary Authority of Singapore is open and any additional day determined by the Management Company;

- the USD, a Valuation Day is every day the Federal Reserve Bank of New York and the New York Stock Exchange are open and any additional day determined by the Management Company.

Requests for issue, redemption, transfer and conversion of Shares of any Class are accepted by the SICAV in Luxembourg on any Valuation Day of the relevant Sub-Fund. A list of expected non-valuation days for each Sub-Fund is available from the Transfer Agent on request.

b) Realised and Unrealised Gains and Losses on Investments

Investment transactions are accounted for on the trade date (the date the order to buy or sell is executed).

Realised gains and losses on sales of investments are calculated on the average book cost. The associated foreign exchange movement between the date of purchase and date of sale of investments is included in realised gains and losses on investments. Unrealised gains and losses on holdings of investments are calculated on the total book cost and include the associated unrealised gains and losses on foreign exchange.

Each of the Investment Managers may, at their discretion, purchase and sell securities through dealers who provide research, statistical and other information to the Investment Managers as the case may be. Such supplemental information received from a dealer is in addition to the services required to be performed by the Investment Managers under the relevant Investment Management Agreement and the expenses which the Investment Managers incur while providing advisory services to the SICAV will not necessarily be reduced as a result of the receipt of such information. In addition, the Investment Managers may enter into transactions or arrangements with other members of JPMorgan Chase & Co.

c) Income Recognition

Interest income is accrued daily and includes the amortisation of premiums and accretion of discounts, where applicable. Bank Interest income is recognised on an accrual basis. Negative income can arise where negative interest rates exist arising from market conditions and/or where there is negative net interest on reverse repurchase agreements as disclosed in note 2f).

JPMorgan Liquidity Funds

Notes to the Unaudited Financial Statements (continued)

As at 31 May 2024

d) Conversion of Foreign Currencies

The books and records of each Sub-Fund are denominated in the base currency of the corresponding Sub-Fund. Amounts denominated in other currencies are translated into the base currency on the following basis: (i) investment valuations and other assets and liabilities initially expressed in other currencies are converted each valuation day into the base currency using currency exchange rates prevailing on each such valuation day; (ii) purchases and sales of foreign investments, income and expenses are converted into the base currency using currency exchange rates prevailing on the respective dates of such transactions.

If any, net realised and unrealised gains or losses on foreign exchange represent: (i) foreign exchange gains and losses from the sale and holding of foreign currencies and foreign cash equivalent; (ii) gains and losses between trade date and settlement date on securities transactions and forward currency exchange contracts; (iii) gains and losses arising from the difference between amounts of interest recorded and the amounts actually received; and (iv) gains and losses arising from the foreign exchange difference between the amounts of expenses accrued and the amounts actually paid. The resulting gains and losses on translation, if any, would be included in "Net realised gain/(loss) on currency exchange" or in the "Net change in unrealised appreciation/(depreciation) on currency exchange" in the Combined Statement of Operations and Changes in Net Assets.

e) Forward Currency Exchange Contracts

Unrealised gains or losses on outstanding forward currency exchange contracts are valued on the basis of currency exchange rates prevailing at the relevant valuation date. The changes in such amounts are included in the Combined Statement of Operations and Changes in Net Assets under "Net change in unrealised appreciation/(depreciation) on Forward currency exchange contracts". When a contract is closed, the Realised Gain/(Loss) is recorded under "Net realised gain/(loss) on Forward currency exchange contracts" in the Combined Statement of Operations and Changes in Net Assets. Unrealised gains or losses are recorded under "Unrealised gain/(loss) on forward currency exchange contracts" in the Combined Statement of Net Assets.

f) Reverse Repurchase Agreements

Financial techniques and instruments (such as reverse repurchase agreements) may be used by any Sub-Fund for the purpose of generating additional capital or income or for reducing cost or risk, to the maximum extent allowed by and within the limits set forth in (i) article 11 of the Grand-Ducal regulation of 8 February 2008 relating to certain definitions of the Luxembourg Law, (ii) CSSF Circular 08/356 relating to the rules applicable to undertakings for collective investments when they use certain techniques and instruments relating to transferable securities and money market instruments ("CSSF Circular 08/356"), (iii) CSSF circular 14/592 relating to the ESMA Guidelines on ETFs and other UCITS issues and (iv) any other applicable laws, regulations, circulars or CSSF positions.

In respect of Reverse Repurchase Transactions, collateral management fees may apply to the services relating to tri-party service arrangements entered into between the Fund, the counterparties and the collateral manager which are required to ensure optimal transfer of collateral between the Fund and its counterparties. The collateral management fees and other administrative charges (if any) as well as related transaction fees charged by the fund's Depository are part of the Operating and Administrative Expenses of each Share Class. Currently, the Fund has appointed Euroclear Bank, The Bank of New York Mellon, State Street Bank and Trust Company and JPMorgan Chase Bank, N.A as collateral managers. JPMorgan Chase Bank, N.A is an affiliate of the Management Company. The securities are marked-to-market daily and interest received on Reverse Repurchase Agreements is recorded in the "interest income from investments, net of withholding taxes" of the Combined Statement of Operation and Changes in Net Assets. The interest received on reverse repurchase agreements is accounted for on a cash basis.

(1) This Sub-Fund was launched on 13 May 2024.

g) Fund collection accounts

To efficiently manage the operational flow of subscriptions and redemptions in and out of the Sub-Funds, the SICAV operates collection accounts in EUR, USD, GBP, SGD and AUD, held at the Depository, in the name of JPMorgan Liquidity Funds. These collection accounts facilitate the daily transit of subscription and redemption proceeds, as well as dividend payments, between the Sub-Funds and Shareholders. The balance of these accounts, if any, are not recognised in the calculation of the NAV of the respective Sub-Funds.

In case of early settlement of subscriptions, investors will be unsecured creditors until the Shares are issued and investors will not benefit from any Shareholder rights in the meantime. Late settlement of subscriptions in Shares may result in interest claims and, until such time the payment for the Shares is received from the investor, the Shares are pledged for the benefit of the Sub-Fund. Failure to make settlement with good value may result in the Shares being cancelled through redemption of the Shares at the cost of the investor at any point in time after the Settlement Date.

For the purpose of establishing these Financial Statements, all positive balances and material overdrawn balances in these collection accounts, if any, have been included in the Combined Statement of Net Assets of the respective Sub-Funds.

3. Reference Currency and Exchange Rates

The reference currency of the SICAV as reflected in the combined statements is USD. The principal exchange rates applied as at 31 May 2024 for the purpose of establishing the combined values of the fund in the Statement of Net Assets and Statement of Operations and Changes in Net Assets were as follows:

1 USD =	1.5003 AUD;
1 USD =	0.9201 EUR;
1 USD =	0.7839 GBP;
1 USD =	1.3502 SGD.

Investment in the SICAV is generally offered via different charging structures, as represented by the A (acc.), B (acc.), C (acc.), D (acc.), E (acc.), G (acc.), R (acc.), S (acc.), W (acc.), X (acc.), Capital (acc.), Institutional (acc.), Morgan (acc.), C (dist.), E (dist.), G (dist.), R (dist.), S (dist.), W (dist.), X (dist.), Agency (dist.), Capital (dist.), Institutional (dist.), Morgan (dist.), Premier (dist.), Reserves (dist.), and, specific to the JPMorgan Liquidity Funds – EUR Liquidity LVNAV Fund only, the G (TO acc.), Premier (TO acc.), Institutional (TO acc.), Agency (TO acc.), Morgan (TO acc.), Reserves (TO acc.), Capital (TO acc.), C (TO acc.), E (TO acc.), R (TO acc.) and W (TO acc.) Share Classes.

The X Share Classes are designed to accommodate an alternative charging structure whereby a fee for the management of the Sub-Fund is administratively levied and collected by the Management Company or the appropriate JPMorgan Chase & Co. entity directly from the Shareholder.

Any exceptions to the charging structures detailed above are noted in the Prospectus. The actual fees and expenses charged to each Share Class are detailed in Appendix 1 to this report.

b) Management Fees

The SICAV pays to the Management Company a management fee calculated as a percentage of the average daily net assets of each Sub-Fund or Share Class under its management ("Management Fees"). The Management Fees are accrued daily and payable monthly in arrears at a maximum rate as specified in the relevant section of the Prospectus. The Management Company may, at its absolute discretion and from time to time (which in certain circumstances may be daily) decide to vary such rate between the maximum and 0.0%. During the accounting period, the Management Company has reduced the Management Fees for the following Sub-Funds:

JPMorgan Liquidity Funds - AUD Liquidity LVNAV Fund
JPMorgan Liquidity Funds - EUR Liquidity LVNAV Fund
JPMorgan Liquidity Funds - EUR Standard Money Market VNAV Fund
JPMorgan Liquidity Funds - SGD Liquidity LVNAV Fund
JPMorgan Liquidity Funds - GBP Liquidity LVNAV Fund
JPMorgan Liquidity Funds - GBP Standard Money Market VNAV Fund
JPMorgan Liquidity Funds - USD Liquidity LVNAV Fund
JPMorgan Liquidity Funds - USD Standard Money Market VNAV Fund
JPMorgan Liquidity Funds - USD Treasury CNAV Fund
JPMorgan Liquidity Funds - EUR Government CNAV Fund (1)

(1) This Sub-Fund was launched on 13 May 2024.

Charges for the management of the Sub-Funds in respect of the X Share Classes of the Sub-Funds are administratively levied and collected by the Management Company or the appropriate JPMorgan Chase & Co. entity directly from the Shareholder.

Subject to the investment restrictions described in the Prospectus, Sub-Funds may invest in other Money Market Funds managed by the Management Company, the Investment Managers or any other member of JPMorgan Chase & Co. In accordance with the Prospectus, no double charging of fees will occur. The avoidance of a double-charge of the Annual Management Fee on assets invested in such Money Market Funds is achieved by either: a) excluding the assets from the net assets on which Annual Management Fees are calculated; or b) investing in these Money Market Funds via Share Classes that do not accrue an Annual Management Fee or other equivalent fees payable to the relevant Investment Manager's group; or c) the Annual Management Fee being netted off by a rebate to the Fund or Sub-Fund of the Annual Management Fee (or equivalent) charged to the underlying Undertakings; or d) charging only the difference between the Annual Management Fee of the Fund or Sub-Fund as set out in "Appendix III - Sub-Fund Details" of the Prospectus and the Annual Management Fee (or equivalent) charged to the underlying Money Market Funds.

The Management Company may from time to time and at its sole discretion, pay all or part of the fees and charges it receives as a commission, retrocession, rebate or discount to some or all investors, financial intermediaries or Distributors on the basis of (but not limited to) the size, nature, timing or commitment of their investment.

c) Operating and Administrative Expenses

The SICAV bears all the ordinary operating and administrative expenses at the rates set out in the Prospectus to meet all fixed and variable costs, charges, fees and other expenses incurred in the operation and administration of the SICAV from time to time.

The Operating and Administrative Expenses are calculated as a percentage of the average daily net assets of each Sub-Fund or Share Class. They are accrued daily and payable monthly in arrears at a maximum rate as specified in the relevant section of the Prospectus.

The Operating and Administrative Expenses cover:

i) Expenses directly contracted by the SICAV ("Direct Expenses"), including but not limited to the depositary fees, auditing fees and expenses, the Luxembourg taxe d'abonnement, Directors' fees (no fees will be paid to Directors who are also directors or employees of JPMorgan Chase & Co.) and reasonable out-of-pocket expenses incurred by the Directors.

ii) A "Fund Servicing Fee" paid to the Management Company which will be the remaining amount of the Operating and Administrative Expenses after deduction of the expenses detailed under section i) above. The Management Company then bears all expenses incurred in the day to day operation and administration of the SICAV, including but not limited to formation expenses such as organisation and registration costs; accounting expenses covering fund accounting and administrative services; transfer agency expenses covering registrar and transfer agency services; the Administrative Agent and Domiciliary Agent services; the fees and reasonable out-of-pocket expenses of the paying agents and representatives; legal fees and expenses; ongoing registration, listing and quotation fees, including translation expenses; the cost of publication of the Share prices and postage, telephone, facsimile transmission and other electronic means of communication; and the costs and expenses of preparing, printing and distributing the Prospectus, Key Information Documents or any offering document, financial reports and other documents made available to Shareholders.

Operating and Administrative Expenses do not include Transaction Fees and Extraordinary Expenses.

JPMorgan Liquidity Funds

Notes to the Unaudited Financial Statements (continued)

As at 31 May 2024

At its discretion, the Management Company may on a temporary basis meet the Direct Expenses on a Sub-Fund's behalf and/or waive all or part of the Fund Servicing Fee. During the accounting period, the Management Company has temporarily met the Direct Expenses on a Sub-Fund's behalf and/or waived all or part of the Fund Servicing Fee for the following Sub-Funds:

JPMorgan Liquidity Funds - AUD Liquidity LVNAV Fund
JPMorgan Liquidity Funds - EUR Liquidity LVNAV Fund
JPMorgan Liquidity Funds - EUR Standard Money Market VNAV Fund
JPMorgan Liquidity Funds - SGD Liquidity LVNAV Fund
JPMorgan Liquidity Funds - GBP Liquidity LVNAV Fund
JPMorgan Liquidity Funds - GBP Standard Money Market VNAV Fund
JPMorgan Liquidity Funds - USD Liquidity LVNAV Fund
JPMorgan Liquidity Funds - USD Standard Money Market VNAV Fund
JPMorgan Liquidity Funds - USD Treasury CNAV Fund
JPMorgan Liquidity Funds - EUR Government CNAV Fund (1)

(1) This Sub-Fund was launched on 13 May 2024.

The SICAV's formation expenses and the expenses relating to the creation of new Sub-Funds may be capitalised and amortised over a period not exceeding five years, as permitted by Luxembourg law.

Operating and Administrative Expenses are accrued daily according to the applicable charging structure of each Class.

In the case of all Share Classes, except Classes X (acc.), X (dist.) and X (TO acc.), the Operating and Administrative Expenses are set at a fixed rate specified in the relevant section of the Prospectus and as set out in Appendix 1 of this report. The Management Company bears the portion of the actual Operating and Administrative Expenses which exceed the specified fixed rates. This is separately disclosed as a "Fee Waiver" in the Combined Statement of Net Assets and the Combined Statement of Operations and Changes in Net Assets. Conversely, the Management Company is entitled to retain any amount by which the fixed rate of Operating and Administrative Expenses exceeds the actual expenses incurred by such Class.

The Operating and Administrative Expenses borne by the X (acc.), X (dist.) and X (TO acc.) Share Classes of all Sub-Funds will be the lower of the actual expenses allocated to such Share Classes and the maximum rate as specified in the relevant section of the Prospectus. The Management Company will bear the portion of any such Operating and Administrative Expenses which exceed the maximum rate specified. This is separately disclosed as a "Fee Waiver" in the Combined Statement of Net Assets and the Combined Statement of Operations and Changes in Net Assets. If the Operating and Administrative Expenses allocated to X (acc.) and X (dist.) Share Classes are below the maximum rate specified, the fees will be reduced by the amount of the shortfall.

5. Dividend Policy

a) Accumulating Share Classes with the suffix (acc.)

No dividends will be paid by the accumulating Share Classes of any Sub-Fund. All net investment income is reinvested.

b) Distributing Share Classes with the suffix (dist.)

Any dividend distributions will be automatically reinvested in additional Shares of the same Class, or at the election of a Shareholder, credited to a separate account.

All or substantially all of the net investment income (if any) attributable to the open distributing Share Classes of each Sub-Fund will be declared daily as a dividend and distributed monthly. The net investment income attributable to such Shares may not match exactly the net investment income arising on the investments of any Sub-Fund on any day.

The distributing Shares of each Sub-Fund begin earning dividends on the Valuation Day on which they were issued. If all of an investor's distributing Shares within a Sub-Fund are redeemed during a month, accrued but unpaid dividends are payable with the redemption proceeds. Distributing Shares do not earn dividends on the Valuation Day on which their redemption is accepted.

6. Taxation

The SICAV is not subject to taxation in Luxembourg on its income, profits or gains. The SICAV is not subject to net wealth tax in Luxembourg. The only tax to which the SICAV in Luxembourg is subject is the subscription tax ("taxe d'abonnement") based on the net asset value attributed to each Share Class at the end of the relevant quarter, calculated and paid quarterly. A reduced tax rate of 0.01% per annum of the net assets will be applicable to Share Classes which are only sold to and held by Institutional Investors. The 0.01% rate described above, as appropriate, is not applicable for the portion of the assets of the SICAV invested in other Luxembourg collective investment undertakings which are themselves already subject to the tax d'abonnement.

All Share Classes of JPMorgan Liquidity Funds, except the JPMorgan Liquidity Funds - EUR Standard Money Market VNAV Fund, JPMorgan Liquidity Funds - GBP Standard Money Market VNAV Fund and JPMorgan Liquidity Funds - USD Standard Money Market VNAV Fund, benefit from the reduced Taxe d'Abonnement rate of 0.01% except for Share Classes G (dist.), X (dist.), Agency, Capital, Institutional, Morgan, Premier and Reserves which benefit from an exemption of Taxe d'abonnement having complied with the requirements of article 175 b) of the Luxembourg Law. All Share Classes of JPMorgan Liquidity Funds - EUR Standard Money Market VNAV Fund, JPMorgan Liquidity Funds - GBP Standard Money Market VNAV Fund and JPMorgan Liquidity Funds - USD Standard Money Market VNAV Fund have a Taxe d'Abonnement rate of 0.01%.

No stamp duty, capital duty or other tax is payable in Luxembourg upon the issue of the Shares of the SICAV. No tax is payable on realised or unrealised capital appreciation of the assets of the SICAV in the Grand Duchy of Luxembourg. Although the SICAV's realised capital gains, whether short or long-term, are not expected to become taxable in another country, the Shareholders must be aware and recognise that such a possibility is not totally excluded. The regular income of the SICAV from some of its securities, as well as interest earned on cash deposits in certain countries, may be subject to withholding taxes at varying rates, which normally cannot be recovered.

7. Statement of Changes in Investments

A list, specifying for each investment within each Sub-Fund the total purchases and sales which occurred during the financial period, may be obtained free of charge upon request at the registered office of the SICAV. Additional information for investments within each Sub-Fund's portfolio is available to Shareholders at the registered office of the SICAV.

8. Collateral received with respect to Financial Techniques and Instruments

Assets received from counterparties in reverse repurchase agreements constitute collateral.

The SICAV will only enter into transactions with counterparties which the Management Company believes to be creditworthy. Approved counterparties will typically have a public rating of A- or above. Counterparties will comply with prudential rules considered by the CSSF as equivalent to EU prudential rules. The counterparty does not have discretion over the composition or management of a Sub-Fund's portfolio. Counterparty approval is not required in relation to any investment decision made by a Sub-Fund.

JPMorgan Liquidity Funds

Notes to the Unaudited Financial Statements (continued)

As at 31 May 2024

Collateral may be offset against gross counterparty exposure provided it meets a range of standards, including those for liquidity, valuation, issuer credit quality, correlation and diversification. In offsetting collateral its value is reduced by a percentage (a "haircut") which provides, inter alia, for short term fluctuations in the value of the exposure and of the collateral. Collateral levels are maintained to ensure that net counterparty exposure does not exceed the limits per counterparty as set out in the relevant section of the Prospectus. If any, collateral is received in the form of securities and cash. Non-cash collateral received is not sold, reinvested or pledged.

Collateral received with respect to Reverse Repurchase Agreements is shown in Appendix 7.

9. Transactions with Connected Parties

All transactions with connected parties were carried out on an arm's length basis.

The Management Company, Registrar and Transfer Agent, Domiciliary Agent and Global Distributor, Investment Managers, Depositary, Corporate, Administrative and Listing Agent and other related Agents of the SICAV are considered as connected parties as they are affiliated entities of JPMorgan Chase & Co. In addition Elvinger Hoss Prussen (of which Mr Jacques Elvinger who is on the Board of the Directors of the SICAV, is a partner) has been compensated USD 43,660 for the period for legal services to the SICAV.

10. Cross Investments

As at 31 May 2024 there are no cross-investments between Sub-Funds.

11. Information for German Registered Shareholders

A list, specifying for each investment within each Sub-Fund the total purchases and sales which occurred during the financial period, may be obtained free of charge upon request at the registered office of the SICAV and at the office of the German paying and information agent, J.P. Morgan AG, Taunustor 1, D-60310 Frankfurt am Main, Germany. Additional information to investments within each Sub-Fund's portfolio is available to Shareholders at the registered office of the SICAV and at the office of the German paying and information agent.

12. Information for Investors in Switzerland

Representative in Switzerland: JPMorgan Asset Management (Switzerland) LLC, Dreikönigstrasse 37, 8002 Zürich.

Paying Agent in Switzerland: J.P. Morgan (Suisse) SA, Rue du Rhône 35, 1204 Geneva.

The Prospectus, the Key Information Documents, the articles of incorporation, the annual and semi-annual financial report as well as a list of the purchases and sales which the SICAV has undertaken during the financial period may be obtained free of charge from the representative.

13. Stable Net Asset Value Risk

For Public Debt CNAV Funds, the SICAV seeks to maintain a stable Net Asset Value per Share for distributing Shares, however maintenance of a stable Net Asset Value is not guaranteed.

For LVNAV Funds, subscriptions and redemptions of Shares of LVNAV MMFs are carried out at a price that is equal to the Constant NAV of the relevant Class, provided that the Constant NAV of the relevant Sub-Fund does not deviate by more than 20 basis points from the Variable NAV of that same Sub-Fund. In the event the deviation exceeds 20 basis points from the Variable NAV of that same Sub-Fund, the following subscriptions and redemptions will be undertaken at a price that is equal to the Variable NAV of the relevant Class. In addition, in relation to the relevant (dist) Shares, if net investment income is negative, the subscription and redemption price may not remain stable and the negative net investment income may be accrued and reflected in the Net Asset Value Per Share.

For VNAV Funds, the SICAV does not seek to maintain a stable Net Asset Value per Share for distributing Shares.

14. Directors' Fees

The only remuneration paid to Directors is an annual fee. This is waived by Mr Daniel Watkins and Mr Massimo Greco. The Directors' fees for the period amounted to USD 199,693 of which USD 48,203 was due to the Chairman.

15. Transaction Costs

For the period ended 31 May 2024, the SICAV incurred transaction costs which have been defined as brokerage fees relating to purchase or sale of transferable securities, money market instruments or other eligible assets. The SICAV also incurred transaction costs charged by the custodian agent and relating to purchase and sale of transferable securities as follows:

Sub-Fund	Base Currency	Depositary Transaction Costs (in Base Currency)

⁺ Expense ratios are calculated in accordance with the guidelines dated 16 May 2008 (as amended 20 April 2015) issued by the Swiss Funds & Asset Management Association (SFAMA). On 25 September 2020, SFAMA and the Asset Management Platform (AMP) Switzerland merged to form the Asset Management association Switzerland (AMAS). The Total Expense Ratio ("TER") represents the total operating costs as a percentage of the Fund's average daily net assets. The total operating cost comprises investment management fees, custodian/depositary fees, taxe d'abonnement and other expenses, as summarised in the Combined Statement of Operations and Changes in Net Assets. Overdraft interest and Performance Fees are excluded from the calculation.

The capped expense ratios and total expense ratios for some Share Classes may have changed over the previous two years. All details concerning these changes have been disclosed in previous years' Financial Statements. All TER figures are annualised. These figures include Fee Waivers on Management Fees or Operating and Administrative expenses, where applicable to not exceed the maximum rate as per the Prospectus.

⁺⁺ At its discretion, the Management Company may waive all or part of the Fund Servicing Fee, where applicable.

Appendix - Unaudited Additional Disclosures (continued)

2. Summary of Investment Objectives of the Sub-Funds

The Sub-Funds seek to achieve a return in the Reference Currency in line with prevailing money market rates whilst aiming to preserve capital consistent with such rates and to maintain a high degree of liquidity.

3. Performance and Volatility†

Performance

Returns for periods greater than one year are annualised. SICAV performance includes reinvestment of income and is net of all expenses.

Past performance is no indication of current or future performance.

The performance data does not take into account the commissions and costs incurred on the issue and redemption of units.

Volatility

The standard deviation (D) of the price is calculated on a daily basis throughout each SICAV's financial year.

The details below relate to the period from 1 December 2023 to 31 May 2024.

If D is equal to or less than 0.1 then volatility was Low.

If D is greater than 0.1 but less than or equal to 1.0 then volatility was Medium.

If D is greater than 1.0 but less than or equal to 2.4 then volatility was High.

If D is greater than 2.4 then volatility was Very High.

4. Interest Rate Received/(Charged) on Bank Accounts

Basis for Bank Interest Rates

The rates are based on the JPMorgan Chase Treasury rates and consequently may change on a daily basis. The bank interest amount is posted to each of the SICAV's bank accounts on a monthly basis on the third business day of the subsequent month based on the bank balances from the prior month.

5. Portfolio Turnover Ratio

The Portfolio Turnover Ratio is an indicator of the relevance of the additional costs incurred by a fund when buying and selling investments according to its investment policy. The Portfolio Turnover Ratio is calculated as outlined below:

$$\frac{(\text{Total securities' purchases and sales} - \text{total subscriptions and redemptions of Sub-Fund shares})}{\text{Average net Sub-Fund assets in Sub-Fund currency}}$$

The Portfolio Turnover Ratio is expressed as a percentage. Due to the fact that underlying investments have short term maturity and that they are replaced only at maturity, no portfolio turnover statistics are calculated for the SICAV.

6. Calculation Method of the Risk Exposure

The methodology for all of JPMorgan Liquidity Funds Sub-Funds used in order to calculate the global exposure is the commitment approach in accordance with the CSSF Circular 11/512.

9. UCITS Remuneration Disclosures

JPMorgan Asset Management (Europe) S.à r.l. (the “**Management Company**”) is the authorised manager of JPMorgan Liquidity Funds (the “**Company**”) and is part of the J.P. Morgan Chase & Co. group of companies. In this section, the terms “**J.P. Morgan**” or “**Firm**” refer to that group, and each of the entities in that group globally, unless otherwise specified.

This section of the report has been prepared in accordance with the Undertakings for Collective Investment in Transferable Securities (the “**UCITS Directive**”) and the ‘Guidelines on sound remuneration policies’ issued by the European Securities and Markets Authority under the UCITS Directive. The information in this section is in respect of the most recent complete remuneration period (“**Performance Year**”) as at the reporting date.

Remuneration Policy

A summary of the Remuneration Policy applying to the Management Company (the “**Remuneration Policy**”) can be found at <https://am.jpmorgan.com/lu/en/asset-management/adv/funds/policies/> (the “**Remuneration Policy Statement**”). This Remuneration Policy Statement includes details of how remuneration and benefits are calculated, including the financial and non-financial criteria used to evaluate performance, the responsibilities and composition of the Firm’s Compensation and Management Development Committee, and the measures adopted to avoid or manage conflicts of interest. A copy of this policy can be requested free of charge from the Management Company.

The Remuneration Policy applies to all employees of the Management Company, including individuals whose professional activities may have a material impact on the risk profile of the Management Company or the UCITS Funds it manages (“**UCITS Identified Staff**”). The UCITS Identified Staff include members of the Board of the Management Company (the “**Board**”), senior management, the heads of relevant Control Functions, and holders of other key functions. Individuals are notified of their identification and the implications of this status on at least an annual basis.

The Board reviews and adopts the Remuneration Policy on an annual basis, and oversees its implementation, including the classification of UCITS Identified Staff. The Board last reviewed and adopted the Remuneration Policy that applied to the 2023 Performance Year in June 2023 with no material changes and was satisfied with its implementation.

Quantitative Disclosures

The table below provides an overview of the aggregate total remuneration paid to staff of the Management Company in respect of the 2023 Performance Year and the number of beneficiaries.

Due to the Firm’s structure, the information needed to provide a further breakdown of remuneration attributable to the Company is not readily available and would not be relevant or reliable. However, for context, the Management Company manages 45 Alternative Investment Funds (with 50 Sub-Funds) and 6 UCITS (with 179 Sub-Funds) as at 31 December 2023, with a combined AUM as at that date of USD 16,602m and USD 466,699m respectively.

	Fixed remuneration	Variable remuneration	Total remuneration	Number of beneficiaries
All staff (USD ‘000s)	54,109	27,380	81,489	364

No performance fee was paid to any employees by JPMorgan Liquidity Funds in the year.

The aggregate total remuneration paid to UCITS Identified Staff in respect of the 2023 Performance Year was USD 157,186k, of which USD 7,138k relates to Senior Management and USD 150,048k relates to other UCITS Identified Staff⁽¹⁾.

⁽¹⁾ The Identified Staff disclosures includes employees of companies to which portfolio management has been formally delegated, in line with the latest ESMA guidance.
