Dear Policyholder

**Notification of changes to the underlying funds of:**

- 1. R190 HSBC Chinese Equity**
- 2. R204 HSBC Hong Kong Equity**

We are writing to you as your policy holds units in one or more of the Friends Provident International Limited (“FPIL”) investment-linked policy sub-funds (“ILP sub-funds”) named above. We have received notification from HSBC Global Investment Funds (the “Company”) of the following upcoming changes to the underlying funds of the ILP sub-funds. These changes will take effect from **14 October 2022** (the “Effective Date”).

From the Effective Date, the investment objective and strategy of the underlying funds of the ILP sub-funds will be enhanced to reflect that the underlying funds are classified as Article 8 under the EU’s Sustainable Finance Disclosure Regulation (“SFDR”).

Article 8 funds promote environmental, social and governance (“ESG”) factors as an integral part of their investment strategy and decision making process. This could be accomplished by focusing, for example, on companies with a better than average ESG rating, companies following strong corporate governance practices or restricting investment in certain industries.

In addition, for the purposes of Article 8, a restriction on investing in companies with exposure to specific excluded activities (“Excluded Activities”), such as thermal coal extraction will come in to force from the Effective Date.

The Company have advised that the enhancement of the investment objective and strategy, and the addition of restrictions regarding Excluded Activities, do not signify a change to the core investment objective, strategy or risk-ratings of the underlying funds of the ILP sub-funds. Please refer to the enclosed **Appendix** for further details of the changes.

**You do not need to take any action as a result of this letter** if you wish to remain invested in the ILP sub-fund(s).
